BLACK DETAILS are synonymous with contemporary elegance

- they will fit in rooms where white, grey, and bleached wood prevail. For spaces arranged in a minimalist and Scandinavian style - one of the most fashionable nowadays
- details such as handles, hangers, lamp fittings are often remarkable decorations.

By choosing black accessories for interior design, a unique character and style of the apartment are guaranteed. That is why this trendy shade could not be missed in the GTV decorative accessories group. We cordially invite you to get familiar with our offer of supports, in which black is the dominant colour.

INGRID

PP-INGRID-20M
capacity up to 20 kg

Black support forms a coherent and modern composition with a wooden shelf. Ideally suited to a minimalist, Scandinavian and rustic interior, i.e. with simple furniture, with a few ornaments and patterns. For example, photo frames, clocks, green plants in ceramic or wooden pots will look beautiful on such a shelf.

BELT

PP-BELT-20M
capacity up to 30 kg

The modern, elegant BELT support is perfect for atmospheric interiors, e.g. in urban chic and vintage styles, where a tasteful combination of furniture, accessories and the power of detail is so important. The support, among other things, provides stable support for books or brass figurines and decorative sculptures.

GINO

PP-GINO-20M
capacity up to 30 kg

White, grey, and black interior is a proven patent for a subdued and colour-coordinated décor.

The power of contrast of black detail and light grey colour certainly attracts attention. Any wall arrangement will be highlighted with the GINO support.

WIRE

PP-WIRE-20M
capacity up to 30 kg

White is always a good choice and it is often used as the starting point in interior design. It allows creating a conservative elegant interior, and by adding a little colour and unusual decorations - a modern style. Black and white are two noble colours, which create a harmonious space when combined, and where you come back with pleasure. That is why arrangements in a black & white climate are timeless and never boring.

TREE

PP-TREE-20M
capacity up to 20 kg

The natural, organic, and eco style has a lot of supporters. Nothing unusual. Apartments inspired by nature are interiors arranged based on simplicity and scarce decorations. They captivate with their intimacy and provide shelter. Support with a tree motif will be appreciated by lovers of natural accents in interiors. Setting it with natural wood is always a good choice.

ROD i BAR

PP-ROD-20M
PP-BAR-20M
capacity up to 20 kg

Supports offer multiple arrangement options. ROD and BAR will not only refresh a boring wall but also give the interior a unique, individual character. Both models of supports have been designed in such a way that they can be used individually or combined with one shelf, creating the effect of a cascading arrangement for books and decorations.

FLAT

PP-FLAT-20M
capacity up to 15 kg

It is difficult to imagine an office space without practical and visually attractive shelves. This is the place to store binders and folders, present awards, place decorative elements or useful office accessories. Shelves are an inseparable element of the arrangement, which should blend in with the entire company's interior. The modern, minimalist FLAT support can be integrated into a functional office space, filled with green and vivid colours.

NEO

PP-NEO-20M
capacity up to 20 kg

The modern design and solid construction of the decorative NEO support are in perfect harmony with the simple shelves in the living room, used by the household members every day, and for representative purposes on important occasions. Shelves in salons can be used to display items that we want to boast about - graphics, sculptures, own photos. They allow arranging it in an attractive way.

GALA

PP-GALA-20M
capacity up to 30 kg

The original use of supports as a functional decoration will suit everyone who likes to experiment with décor. The careful finish of the GALA supports is a real eye-catcher. It not only adds extra storage space but also a stylish character to the interior.

GTV supports are designed for shelves that are to be mounted on the walls. The support guarantees easy installation and high load capacity*. All shelf supports are made of high-quality steel, which is durable and does not deform under load.

* Due to the variety of materials used in the construction of the walls, the set excludes fasteners and screws. For maximum load capacity, consult your local hardware store for advice on the selection of appropriate fasteners and screws.
